

# Pacific Primary Auction 2012

## Count-Me-In!

**What is a Count-Me-In party?** It's a party hosted by a community supporter or Pacific Primary family. The hosts plan a themed party for adults or children at their home or out in the community and then offer a specific number of spaces at their party for a fixed price. Therefore, everyone who signs up for the set number of spaces is a winner! The cost of the party is assumed by the hosting family or community supporter so that 100% of the proceeds of these fun gatherings benefit the children of Pacific Primary!

Here are some examples from previous years:
